

Tangent InfoCom IT Virtualization Questionnaire

(Version 1.1)

This questionnaire is designed to collect information about your present IT Consolidation Requirement. The information gathered with this questionnaire will be used by us to understand the current IT Infrastructure scenario and to implement Virtualization at your Datacenter.

Please complete the main sections of the questionnaire, so that we can assist in building up the right Virtualization solution for your valuable initiative of IT Infrastructure Consolidation.

Please send the completed questionnaire to the **Tangent InfoCom** accounts manager assigned to you.

<i>Customer Details</i>		
Please fill in the information about the company/customer the sizing is for, and a contact person who can help if more detailed data about the planned system is required.
